Whilst we recognise the importance of phone masts given how many of us rely on our mobiles, we have serious concerns about the location of these proposed masts. We believe they would be overly dominant and intrusive and would harm the character of the area. Walton is a great place to live and we must fight hard to protect it. We are asking for your support to oppose these applications.

If you have views on either application, it is very important that you contact the Planning Department at Elmbridge. The more residents that make their voices heard the better. You can submit your views via tplan@elmbridge.gov.uk or in writing to Head of Town Planning, Civic Centre, High Street, Esher, Surrey, KT10 9SD. The closing date for comments is **22 September** and please remember to quote the reference number.
